

Safer Homes for The Elderly

TOUCH Caregivers Support (TCG) provides a **one-stop home modification service** to retrofit or design a more accessible and safe home environment for the elderly with disability.

TCG's Occupational Therapist will:

- assess home environment and recommend necessary home modification features including relevant elder-friendly products according to elderly's needs
- facilitate application for financial assistance* (for low-income families)
- source for reliable vendors and contractors, and coordinate closely with them till completion of renovation
- provide relevant training including teaching correct techniques of using elder-friendly products or home modification feature when necessary

* Individuals who are under Public Assistance will be fully subsidised while those who require financial assistance will be means tested

Before
Squatting toilet with mosaic tiles

After
Changed to a sitting toilet with an additional toilet raiser, installation of grab bar and anti-slip floor treatment

"My grandma had a history of repeated falls in the bathroom area. After the home modification, I feel more at ease when my grandma had to be alone at home as she can now move around more safely while using the bathroom."

Caregiver, Mr Hoe

TOUCH Caregivers Support strives to help caregivers of the frail elderly cope with the challenges of caregiving by providing a wide range of home-based and support services. Holistic care and support services are delivered by a team of doctors, nurses, occupational therapists, physiotherapists and care coordinators experienced in geriatric care.

住屋设施 改装服务

触爱关怀者扶持服务通过一站式住屋设施改装服务，专为残障长者改装或设计更方便、更安全的居家环境。

触爱关怀者扶持服务的职能治疗师将进行以下工作:

- 评估居家环境，并建议须进行的住屋修改工作，包括按年长者所需提供方便年长者的相关产品
- 协助申请经济援助* (适用于低收入家庭)
- 不仅协助寻找可靠的商家和承包商，而且负责与他们协调，直到装修工程结束
- 提供相关训练，包括教导正确使用亲老人产品的技巧，如有必要，也教导改装后设施的用法

* 公共援助计划的受惠者将获得全数补助，需要经济援助者则必须进行支付能力调查。

装修前
铺上马赛克地砖的蹲式厕所

装修后
改装坐式马桶，另外安装马桶升高垫和手把，并进行抗滑地板处理

"我婆婆曾经在浴室里跌过几次。经过住屋设施改装后，婆婆单独在家时，我比较放心，因为我知道她如厕时可以使用手把支撑身体。"
